

THE REPORT OF ALUMNI MEETS 2018 CONDUCTED AT AMITY UNIVERSITY NOIDA (U.P).

The organisation of alumni meet is a regular feature of the alumni association of Degree College of Physical Education, Amravati. Nowadays alumni relations are one of the important aspects of institutions advancement activities for many reasons. The alumni are our institutions most loyal supporters. It is because of their efforts every year we get good number of students for admission in various faculties of the college. They take the goodwill of institution to their home town and states and into their professional and social networks. By considering the role of alumni in promoting pride, tradition, and loyalty among both current and former students the Alumni Association of Degree College of Physical Education, Amravati, decided to organize One Day Alumni Meet at Amity University, Noida, U.P., on 5th June 2018.

For this Alumni Meet, we could gather a good number of alumni from Delhi and Haryana region (approximately 150). During alumni meet, we had received good suggestions from the participants for professional development of the alumni and college, in which the important suggestion was to conduct orientation or refresher programmes for alumni in the summer or Diwali vacations to update their knowledge. This suggestion of alumni was a rational outcome of this alumni meeting, which was accepted by all and the association decided to host this programme state wise from next year.
