1. INTRODUCTION

The Management Trust Shree H. V. P. Mandal, Amravati:

Shree Hanuman VyayamPrasarak Mandal, Amravati is working in the field of Physical Education and recreation for the last 105 years. The Mandal was registered under section 3 of the Societies Registration Act 1860 (Act. No.XXI of 1860) on 14-10- 1929 and under Bombay Public Trust Act 1950 (Bombay XXIX of 1950) on 28-05-1963.

Shree Hanuman VyayamPrasarak Mandal, Amravati, came into existence as small club called “Hanuman Club” in the year 1914. The ‘Club’ was founded by two Vaidya brothers namely Anant Krishna and Ambadas Krishna Vaidya. They were inspired by the spirit of patriotism which was instilled in them by the leading personalities of Vidarbha Region in the freedom movement named Veer Vamanrao Joshi who was a close associate of Lokmanya Tilak and also had linkages with the contemporary revolutionaries.

The Mandal had witnessed the visit of several luminaries like Rashtrapita Mahatma Gandhi, Netaji Subhashchandra Bose, Pt. Madan Mohan Malviya, Dr. Rajendra Prasad, Pt. Motilal Nehru, Lala Lajpat Rai, N. C. Kelkar, Martyr Shivram Hari Rajguru etc. The Main Building of the Mandal has been inaugurated by Mahatma Gandhiji on 21st Dec 1926.

At the time of freedom movement without giving a shadow of doubt to the rulers about involvement of its members in freedom movement, the founders and their associates had also geared up programme of Indian traditional physical activities by running regular classes, organizing Summer camps of these activities for the youths, conducting demonstration-cum propaganda tours in various States, deputing volunteers for training of youths at different places. With the initiation of all these activities the Mandal became popularly known institution all over India. Another fruitful projectthe Mandal undertook in the year 1926-27 was the formation of ‘Physical Culture Information Bureau’. This Bureau had collected information from various leading countries about the type of movement in physical education and sports going on Throughout the World. This information had inspired the founders to depute theirassociates in different countries to study their traditional physical culture. Accordingly, members were sent to Germany, Japan, and Austria during the period

1928 to 1933 for higher studies. The Mandal has been successful in developing Indian system of exercise and games on modern scientific line and as a result has earned great popularity for them in the country and abroad. This idea was of the founder member Shri Ambadaspant Vaidya of studying traditional and modern form of physical culture of India & various other countries. The object was to establish “Cosmopolitan University of Physical Culture”, where traditional physical culture of different countries would be studied scientifically and it was the founder member’s dream to evolve universally accepted system of physical culture by way of selecting positive elements and principles from amongst the traditional systems of various countries. This high-level planning of the Mandal was very well reflected in the printed report of the Mandal for the year 1932. Till now the Mandal had organized its tours abroad, since the year 1936.

The countries like Japan, Russia, Finland, Argentina, Brazil, U.K., U.S.A., Germany, Turkey, Iran, Iraq, France, Sweden, Switzerland, Denmark, Italy, Lithuania, Poland etc., visited and display of our traditional activities was presented in about more than 50 cities abroad. At the time of Olympic Games in Germany in 1936, the Mandal had unique honor of presenting its display in the Olympic Gymnastic Stadium on the day of the games. The Mandal has a long history of its international contacts, activities, endeavor and achievements. Our speakers had presented papers and delivered lectures before the international audience at many international events.

With the dawn of Independence of India, the focal point of the Mandal was shifted to implementing qualitative teacher training programme in physical education. In the year 1947-48, the Mandal started an institute, named Indian Institute for Diploma in Physical Culture and Recreation which was subsequently recognized by the then Central Province Berar Govt. It had enjoyed Autonomous Status. The one-year post-matriculate Diploma in Physical Culture and Recreation awarded to the trainees by this Institute was duly recognized by the State Govt. for appointment as physical education teachers in schools and colleges. With the changing policy of Maharashtra Government, the said course was subsequently changed into Certificate course in Physical Education from the year 1959-60.

As it is stated above, the institute started in the year 1947 had Autonomous Status, the post matriculation certificate of “Vyayam Visharad” awarded to the student by Mandal had also enjoyed recognition of State Governments of Madhya Pradesh, Rajasthan, Maharashtra, Uttar Pradesh, Haryana etc. for appointment as teachers in physical education. Thus, the Mandal and its constituent college / institute has unique honor of receiving recognition of various State Governments and the Diploma or Certificate awarded by the Mandal and its institute / college was also duly recognized by Universities, State Governments and Secondary School Certificate Boards.

Mandal organized Global Conference on Traditional Physical Cultures, Sports and Games on 15-17 Jan 2014. The patronages were provided for the conference by international organizations like UNESCO, TAFISA, ISHPES, ICSSPE, IAPESGW, ITSGA, FIEP. Near about 30 countries delegates were present for the conference. Sports engineering competition was also organized at the same time. The Mandal has done MOU with International organizations like TAFISA, ICSSPE, IAPESGW, Gerlev Sports Academy, Denmark, Poland, Jan Dlugosz University in Czestochowa, Poland, Maruhachi Tent Corporation, Ltd., Nagoya, Japan, GTC-German Tours and Conferences, Hamburg, Germany, National Institute of Sports Science, Srilanka, etc. for promoting the traditional Sports Activities. The Mandal is NGO advisory Member of UNESCO for safeguarding and promoting Intangible Cultural Heritage.

Today the institute is running successfully Physical Education Colleges in Amravati & Chikhaldara, Engineering College, Ayurvedic College and Hospital, Naturopathy Hospital and Local and Tribal Schools. The social services conducted by Mandal are Help line for Amravati district, Shetkari Jagruti Abhiyan, Child Line, Women Welfare cell etc. Many sports federation and associations are attached to Mandal.

The Institution has been successful in developing a grand sports complex in its premises. Well laid out play grounds for different games with flood-light arrangement, standard cinder track of 400 meters, International Standard Swimming Pool, Indoor sports, pavilion-cum gymnasium, Judo and Wrestling halls, Badminton, Table-Tennis hall, Auditorium, Staff Council hall, Yoga Centre, Physiotherapy Centre, Sports hostels, Seminar hall, sports library, well equipped weight training hall, Research Laboratory are the facilities already developed by the College for students, staff and community. The students of the College can avail these facilities as per the rules decided by the institution.

The Degree College of Physical Education

After Independence the Mandal started the regular programme of physical education to provide trained and discipline physical education teacher by establishing training college named as Degree College of Physical Education. This college is established in the year 1967 with the permission of Government of Maharashtra in urban area at Amravati and affiliated to Nagpur University, Nagpur earlier. This was the only college in Maharashtra which started a three years degree course in physical education on govt. grant basis. The college has clearstanding of more than 40 years.

This College is now permanently affiliated to Sant Gadge Baba Amravati University, Amravati and recognized by the Govt. of Maharashtra, National Council for Teacher Education WRC, Bhopal and AICTE, Delhi. The College is also recognized by UGC under 2(f) and 12b, and is assessed and accredited by NAAC, Bangalore in 'A' Grade in the year Feb. 2005. The College is also conferred the Autonomous status since 2007 by Sant Gadge Baba Amravati University, Amravati on the recommendation of U.G.C. & Govt. of Maharashtra. . The NAAC committee reassessed and reaccredited the College with Grade 'B' in the year Jan. 2013 after receiving the academic autonomy. The NAAC committee reassessed and reaccredited the College in third cycle and conferred the College with Grade 'A' in March 2019 after receiving the academic autonomy. The College is having ISO :9001-2015 certification.

The College is privileged as pioneering institute in introducing D.P.Ed., B.P.E.S, B.P.Ed., D.Y.Ed., M.P.Ed. regular courses in physical education and allied disciplines in the faculty of Education formerly of Nagpur University and now of Sant Gadge Baba Amravati University, Amravati. The College runs career oriented vocational course independently with the financial assistance from U.G.C. New Delhi.

The College has achieved huge success in creating Physical Education Teachers who are now on renowned designations in various Indian States. Even research work at Post-Graduate and Ph.D. level is carried out in the College. Facilities in the form of library and research personnel required for carrying out research work in Physical Education and allied sciences are made available.

College gradually started Programmes in the streams like: Engineering & Technology, Science, Commerce and Social science. The College is successfully running the AICTE recognized Programme, Master in Computer Application (M.C.A) since 1995 onwards. In Vidarbha region this College is the pioneer to start M.C.A. Programme. M.C.A. students of this College are at higher post in various renowned IT companies. Our Under graduate Science students are also placed in renowned IT companies. As the College has received Autonomous status, it can modify and design the curriculum, matching the Industry needs which is really fruitful for the students in case of their placements. Due to these Programmes multidisciplinary research project are carried out in college.

The Physical Education Research Laboratory of the college is recognized for purpose of research by Sant Gadge Baba Amravati University, Amravati from the year 2002. A separate Research Wing apart from the Post-Graduate Department, functions at the college where regular research in Physical Education and sports is carried out. Also Research laboratories for yogic science, Computer Science & Engineering are granted by S.G.B.A.U. Research laboratories for Electronic Science & English were granted in 2021-22. These facilities help students and faculty members research ideas to grow.

The college provides its service to the students, researcher, community & professionals for their development.

2. SCIENCE DEPARTMENT

We have reputation for teaching and research, so it stands to reason that our students go on to find employment in challenging and fulfilling careers. Department aims to improve the employability of computing graduates through curriculum innovations in group and project work. This includes a state-of-art learning laboratory where projects can be conducted in collaboration with students. We promote learning based on friendly and informal relations between students and staff. We have a long tradition of welcoming students from different backgrounds. Ours is the only institution offering UG Programmes like B.C.A., B.Sc. (Comp. Sci.), M.Sc. (Comp. Sci.) in faculty stream of Science and B.B.A., M.Com. (Eng. Medium) in faculty of Commerce which are under the Autonomous status of the College in Amravati. The BCA programme is recognized by AICTE, New Delhi.

The Autonomous status helps us to update our syllabus up to the mark as per the requirement of the industry standards. This helps our students to explore the new courses used in the industry and thus helps them for getting good placements in reputed Companies or for further studies. The College has well equipped sports facilities which are available for our students to keep fit as well as participate in various sports tournaments.

Programme structure for the programme BCA, BSc (Computer Science) & MSc (Computer Science) and curriculum scheme is according to National Education Policy 2020 from session 2023-2024.

Objectives of the Department:

1. To build the department as a centre of excellence for imparting high quality Science & Technical education at the undergraduate and post graduate level thus empowering students to meet the challenges of the competitive, global environment.
2. To encourage faculty to engage in research.
3. To stimulate in students an interest in research and motivate them for research activities.
4. To make education accessible to students across borders of religion, geography, caste or gender.
5. To foster thinking minds that are sensitive to societal needs and issues thus making them good human being and responsible members of the society.
6. To provide an environment that facilitates all-round development of the student's personality.
7. To provide the students opportunity for job at first instance.

13. Programme Outcomes: The following Programme Outcomes will be attained after completion of this UG programme:

PO1	Students will contribute to society as broadly educated, expressive, ethical and responsible citizens with proven expertise for working as an individual or in multidisciplinary teams with positive attitude.
PO2	Develop the skills to provide efficient work force for the industry & academia.
PO3	Able to pursue advanced education in relevant courses.
PO4	Develop the critical problem-solving abilities and research skills to create future researchers.
PO5	Develop the personality, soft skills and communication skill for better placement and communicate efficiently to deliver their knowledge effectively.
PO6	Students will achieve the awareness and attitude of concern about environmental problems and Indian Knowledge System.
PO7	Acquire skills in multidisciplinary areas of their interest.
PO8	Develop interest to participate in Community Services for increased sense of social responsibility and foster a community of caring and committed individuals who will have better understanding of the communities they live in.
PO9	Develop a sense of patriotism, discipline, leadership qualities, stress management capability, physical fitness and confidence to participate in various competition levels of Cultural, sports and allied areas.

14. Programme Specific Outcomes (PSO): BCA programme has been designed to prepare graduates to attain the following programme specific outcomes:

PSO1	Students acquire latest comprehensive and skilled based knowledge with equal emphasis on theory & practical in the field of IT.
PSO2	Able to apply the knowledge for solving real life problems using the expertise in the field of IT.
PSO3	Achieve ability to identify, analyze, formulate and develop computer applications by using appropriate modern computing tools and techniques.
PSO4	Able to acquire the knowledge and working mechanism of industry as per their standard processes.
PSO5	Able to communicate in multi-lingual mode effectively and present the knowledge in fruitful manner.
PSO6	Able to apply and accumulate knowledge from online platforms.
PSO7	Able to develop research ability to think innovate research ideas and implement methodology to solve the research problem.

Bachelor of Computer Science (B.Sc. Comp. Sci.):

Now a day, Software Companies are looking for B.Sc. graduates too, for software testing and software development. Students are having good career opportunities after completion of this Programme. Also, the core courses like Computer Science, Electronics, and Statistics allows students to do specialization in respective streams at PG level.

Computer Science aims to provide you with a balance of knowledge and skills to design and implement software and systems to a professional standard. It is designed to equip a student for a career at the forefront of innovation in software technologies. This programme will provide you with a thorough understanding of the principles and concepts underpinning computing systems. This will enable you to analyze and resolve issues with today's software systems, and provide a foundation in designing the next generation of computational systems. Programme structure & Curriculum scheme is according to National Education Policy 2020 from session 2023-2024.

Master of Computer Science (M.Sc. Comp. Sci.):

With the world now becoming a global village and more and more people embracing the power and importance of computers in the 21st century digital age, the M.Sc. Computer Science Programme has huge career prospects. The main objective of M.Sc. Computer Science is to hone the skills of computer science enthusiasts in the various thrust areas of the field and provide them with the perfect amalgamation of theory as well as practical knowledge. Since it's a Programme at post-graduation level, it takes forward the knowledge gained by the students at the undergraduate level and provides them an advanced level of learning and understanding on the course. M.Sc. Programme is having Choice Based Credit System Scheme and is designed to create highly skilled software professional for industry and the society. The students will be able to learn the recent computer technologies. The Programme will also help students to prepare for exams like: SET, NET, etc. by providing them core courses in Computational field. Also the students will have background of research-oriented subjects. The Programme will develop analytical, presentation, strategy formulation and personality development skills among the students, through which the students can shape their career in computer science and its related applied technology, research and development. Programme structure & Curriculum scheme is according to National Education Policy 2020 from session 2023-24.

12. Programme Outcomes: The following Programme Outcomes will be attained after completion of this PG programme:

PO1	Develop skilled professionals for industry, government, academia, research and entrepreneurial pursuit.
PO2	Cultivate an ability to contribute to society as broadly educated, expressive, ethical and responsible citizens with proven expertise.
PO3	Build ability to apply appropriate techniques, resources, modern computing and IT tools to solve complex scientific and real-life problems.
PO4	Attain the ability to identify the recent research developments, future possibilities and limitations.
PO5	Build the ability to acquire multidisciplinary knowledge and the capability to work in multidisciplinary system.

13. Programme Specific Outcomes (PSO) :M.Sc. (Comp. Sci.) programme has been designed to prepare post graduates to attain the following programme specific outcomes:

PSO1	Able to identify, analyze, formulate and develop computer-based solutions to meet desired needs within realistic constraints such as safety, security and applicability.
PSO2	Develop the capability to achieve peer-recognition; as an individual or in a team; through demonstration of good programming, analytical, designing, logical and implementation skills.
PSO3	Able to select modern computing tools and techniques and use them with dexterity to solve industrial and real-life problems.
PSO4	Identify research and development areas in multiple disciplines of computer science and able to devise and conduct experiments, interpret data and provide well informed conclusions.
PSO5	Able to communicate effectively and present the knowledge in fruitful manner.
PSO6	Able to accumulate knowledge from online platforms.
PSO7	To make student capable to undertake research in computer science and prepare them for TET like SET/NET.

3. Department of Commerce and Administration

Department of Commerce and Administration works towards the goal of continuous improvement, discovery and sharing of knowledge with students by providing them broad based quality higher education. The main aim of the Department of Commerce and Management is to offer superior quality, affordable & professional education with view to build graduates & postgraduates with high ethical & leadership qualities. The department offers BBA and M.Com programmes. We are fully committed for excellence in commerce & management education. Department of Commerce & Management intends to enlighten undergraduates to be in right endeavor by developing their distinct competencies with human values & professionalism which leads them to be successful, globally employable & entrepreneurial personnel's in the dynamic environment. Our faculty promotes learning based on friendly and informal relations between students and staff. Department of Commerce & Management are equipped with a wide range of latest technology tools.

Achievers Adventure Camp Report - 10/02/2025

Achievers Adventure Camp, situated in the tranquil and geographically diverse landscape of Saikheda, successfully conducted a one-day adventure program on February 10, 2025. The camp caters to a wide range of individuals, from students and working professionals to NDA aspirants and families, offering both adventure and valuable learning experiences. Furthermore, the availability of day-out packages broadens its accessibility to a wider audience.

Activities:

The adventure camp offered a diverse range of activities designed to challenge participants physically and mentally, fostering teamwork and individual resilience. These activities included:

- **Horse Riding:** Providing an opportunity for participants to connect with nature and develop equestrian skills.
- **Reverse Bungee:** An adrenaline-pumping activity designed to test courage **and** provide a thrilling experience.
- **Archery:** Enhancing focus, precision, and hand-eye coordination.
- **Rappelling:** Building confidence and teaching safe descent techniques.
- **Zip Cycling:** Offering a unique and exhilarating perspective of the **surroundings** while promoting balance and coordination.
- **Lower Rope Course:** Focusing on teamwork, problem-solving, and communication skills at a manageable height.
- **High Rope Course:** Challenging participants to overcome fears and build self-confidence while navigating obstacles at a greater height.
- **Burma Bridge:** Promoting balance, coordination, and trust as participants navigate a suspended bridge.

This comprehensive list highlights the camp's commitment to providing a well-rounded adventure experience with opportunities for both individual challenges and team-based activities.

The Achievers Adventure Camp on February 10, 2025 successfully provided a unique and engaging experience for 100 students. The camp's strategic location, military-inspired training methods, and a wide array of challenging and enjoyable activities contributed to an environment conducive to adventure, learning, and personal growth. The positive feedback from participants and staff would further validate the effectiveness of the camp's approach in delivering an "unparalleled adventure and learning experience." Further information on the specific learning outcomes observed and participant feedback would enhance the overall assessment of the camp's impact.

2. Report on Participation in the Final Round - Ideation Competition 2.0

This report elaborates on the participation of students and faculty from the Campus of Degree College of Physical Education, Amravati, in the Final Round of the "Ideation Competition 2.0" held at Ratan Tata Maharashtra State Skills University (RTMSU), Mumbai, on February 15, 2025.

1. Delegation and Travel:

- A delegation comprising **15 students** and **2 teachers** from the Campus of Degree College of Physical Education, Amravati, was formed to represent the institution at the final round of the Ideation Competition 2.0.
- The delegation commenced their journey to Mumbai on **February 14, 2025, at 8:00 am** via bus. This early departure was likely planned to ensure timely arrival and allow for rest before the competition day.

- After a journey of approximately 14 hours, the bus reached **BPCAs College of Physical Education, Wadala, Mumbai, at 10:00 pm on February 14, 2025**. This location served as the accommodation for the students and teachers for the night, suggesting a pre-arranged stay to facilitate their participation.
- The following morning, **February 15, 2025, at 9:00 am**, the entire delegation successfully reached the venue of the final round: **MSSU I-SPARK Foundation Incubation Centre, located on the 2nd floor of Swami Vivekananda International Skills Development Academy, Vidyavihar, Mumbai**. Their timely arrival ensured they were present for the commencement of the competition activities.

2. Participation in the Final Round (February 15, 2025):

- The "Final Round - Ideation Competition 2.0" at RTMSU Mumbai was described as a **dynamic event** focused on nurturing **innovation and entrepreneurial thinking**. This suggests a vibrant and engaging atmosphere where participants could showcase their creative ideas.
- The competition structure involved participants forming teams to **brainstorm and develop their ideas**. This collaborative approach likely encouraged diverse perspectives and skill sets within each group.
- A significant aspect of the event was the provision of **mentors from various industries**. These experts played a crucial role in guiding the participating teams, helping them to **refine their concepts** and effectively **prepare for their presentations**. This mentorship phase was critical for transforming raw ideas into well-structured and presentable proposals.
- The report explicitly mentions that a **total of 6 teams presented their ideas** during the final round. While the report doesn't specify if these were the only teams participating overall or just those who presented on that particular day, it highlights the culmination of the ideation process in formal presentations. The fact that teams were formed suggests that the initial stages of the competition likely involved individual or smaller group submissions that were then consolidated for the final round.
- Mr.ParthDumre achieved sixth position in the competition

3. Glimpses of Activity:

- The inclusion of "Glimpses of Activity" suggests that visual documentation of the event was captured. While the report itself doesn't provide details of these glimpses, they likely included photographs or videos showcasing various aspects of the competition, such as:
 - Students engaged in brainstorming sessions.
 - Teams interacting with mentors.

- The presentation sessions with teams presenting their ideas.
- Interactions between students, faculty, and industry experts.
- The overall atmosphere and energy of the event.
- Potentially, images of the venue and participants from different institutions.

The active participation of the Students of Degree College of Physical Education, Amravati, in a significant state-level ideation competition focused on skills development and entrepreneurship. The journey undertaken by the students and faculty demonstrates the institution's commitment to providing platforms for students to showcase their innovative potential and engage with industry professionals. The mentorship provided during the final round would have been a valuable learning experience, contributing to the students' understanding of idea refinement and presentation skills. The event itself served as a platform for fostering a culture of innovation and entrepreneurial thinking among the participating students. The "Glimpses of Activity" would further enrich the understanding of the event's dynamics and the engagement of the participants.
